Force 2007

The Sonor Force 2007 Series is designed for advanced drummers who do not want to sacrifice any of their musical freedom. Four preconfigured sets and 12 individual components offer an unlimited selection for a drummer's own individual configuration.

Sonor Force 2007 Sounds

The 9-layered birchwood shells are the superb foundation for Sonor Force 2007 Sets. A hefty and dynamic sound, with accentuated mid-ranges and highs, and defined lows, are the hallmark of these shells. With the high-gloss-lacquered natural wood surfaces, the Sonor Force 2007 really puts itself into the limelight.

Sonor Force 2007 Shell Design
The birchwood shells deliver maximum strength, perfect curving and neutral tuning thanks to tension-free cross lamination of the individual layers of wood (CLTF Cross Laminated Tension Free Process).

Sonor Force 2007 Shell Thicknesses

9 layers for bass drums, tom toms, floor toms and snare drums = 7 mm

Tuning Lugs with TuneSafe – Real Eye-Catchers with the Sonor Design!
The new Sonor Force tuning lugs with fine-pitch threads are equipped with the TuneSafe tuning safeguard feature, which prevents tension screws from loosening.

Tom Mounting System – Powerful Sounds Thanks to Minimal Shell Contact!
The vibration-free T.A.R. system (Total Acoustic Resonance) provides for a maximum of resonance and sustain. With the tried-and-tested 'Ball Clamp' system with individual tom arms, the tom toms can be positioned wherever the drummer wishes.

Short Tom Sizes – Full Sustain and Quick Response!

The new Sonor Force tom toms with 'short' shells offer controlled sustain and give the drums a crisp attack.

Bass Drum Bracket – Smooth and Snug!
The standard Force Series bass drum is supplied with this bracket. The inner workings of the bracket are compelling, thanks to smooth yet firm application of pressure.

17.5" Deep Bass Drum
– For More Power and Rich Bass Drum Sounds!

Pre-Muffled Bass Drum Heads – For Just the Right Kick!

Pre-muffled batter and resonance heads on the bass drum provide ‘all-round’ powerful sounds and dynamic ‘kicks’. Sonor heads made by REMO.

Bass Drum Legs – On Solid Footing, Everywhere You Go!
The bass drum legs can be turned around so that they rest on either the rubber or the metal end and can be adjusted using a fastening screw.

Hardware 200 Set – Reliable and Now Even Better!
The new 5-piece Hardware 200 Set with two mini boom stands for a professional look. The solid double-braced stands provide optimum reliability. The Sonor 3-section clamp™ offers maximum support for very little effort – whether for jazz or heavy drumming.

Individual Components – For Enhanced Set-Ups!

The large selection of individual components provide perfect additions for an even bigger performance – perfect for live gigs involving different configurations.
